PAREXUSA

Revision Date: 05/15/15

1 Identification of the substance/preparation and of the company/undertaking

Product details Product category: Trade name: Application/preparation of the substance: Manufacturer/Supplier:

Further information obtainable from:

In case of emergency, contact CHEMTREC:

FAÇADE LAHABRA POLYBOND COARSE Cement Basecoat PAREXUSA, Inc. 4125 E. LA PALMA AVE SUITE 250 ANAHEIM, CA 92807 pedro.paredes@parexusa.com 800-226-2424 800-424-9300

2 Hazards identification

Contact phone number:

Hazard pictograms (GHS-US):	Irritant	<u>.</u>
Hazard pictograms (GHS-US):	Health Hazards	
Signal word (GHS-US):	Warning	•
Hazard statement (GHS-US):	H303	Can be harmful if swallowed
	H320	Causes eye irritation
	H335	May cause respiratory irritation
	H313	May be harmful in contact with skin
Precautionary statements (GHS-US):	P402	Store in a dry place.
	P280	Wear protective gloves/protective clothing/eye protection/face protection.
	P302+P352	IF ON SKIN: Wash with plenty of soap and water
	P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
	P304+P341	IF INHALED: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing
	P301+P310	IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician
HMIS codes:		
Health	1*	
Flammability	0	
Reactivity	0	
Protective equipment	E	
Information concerning particular hazards for human a	nd environment:	
Not known to course reproductive borns or birth do	facto	

Not known to cause reproductive harm or birth defects. Keep out of reach of children.

3 Composition/information on ingredients

Chemical characterization

Dangerous components:			
CAS #	Name	Exposure	e Limit
14808-60-7	Crystalline silica	OSHA PEL (Respirable quartz)	10 mg/m3 / (% silica + 2)
14808-80-7	Crystalline silica	ACGIH TLV	0.025 mg/m ³ (respirable)
		OSHA PEL (Respirable)	5 mg/m ³
65997-15-1	Portland cement	OSHA PEL (total)	15 mg/m ³
		ACGIH TLV (Respirable)	10mg/m ³ (Less 1% Quartz)

4 First aid measures	
General information:	n/a
After inhalation:	Remove to fresh air. If not breathing, give artificial respiration. If having difficulty breathing, give oxygen. Get immediate medical attention.
After skin contact:	Wash affected area thoroughly with soap and water. Remove contaminated clothes and launder before re-use.
After eye contact:	Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.
After swallowing:	Do not induce vomiting. Get medical attention immediately.

5	Fire-fighting measures	
	General information:	This product does not support combustion and is non-flammable.
	Flash point:	n/a
	Suitable extinguishing agents:	For the dried product, use carbon dioxide, dry chemical, or alcohol foam.
	Hazardous combustion products:	n/a
	Protective equipment:	n/a
	Firefielding instructions:	
	Firefighting instructions:	n/a

6	Accidental release measures	
	Measures for environmental protection:	Keep spilled products out of sewers, streams, and water systems.
	Measures for cleaning/collecting:	For dry material, collect by sweeping and scooping. Transfer collected material to a container, being careful to minimize creation of dust. For wet material, scoop material up and transfer to an open container. Allow material to dry before disposal.
	Additional information:	See section 13 and section 15 for specific regulatory information concerning this product.

7 Handling and storage

Handling:

Wear appropriate protective equipment when working with this product. Promptly remove dusty clothing, or clothing wet with product mix, and launder before re-using. Wash thoroughly after exposure to product dust, or wet product mixtures. Keep out of reach of children.

Storage:

Store in a dry location. Atmospheric temperatures and pressures do not affect the shelf life of this product. However, moisture contamination will render the product useless. Keep stucco concentrate dry until use.

8 Exposure controls/personal protection

Additional information about design of technical facilities: n/a

Ingredients with limit values that require mo	onitoring at the workplace:		
CAS #	Name	Exposure	e Limit
14808-60-7	Crystalline silica	OSHA PEL (Respirable quartz)	10 mg/m3 / (% silica + 2)
14808-00-7	Crystainne sinca	ACGIH TLV	0.025 mg/m ³ (respirable)
		OSHA PEL (Respirable)	5 mg/m ³
65997-15-1	Portland cement	OSHA PEL (total)	15 mg/m ³
		ACGIH TLV (Respirable)	10mg/m ³ (Less 1% Quartz)
Additional information:	The lists valid during the makir	ng were used as a basis.	
ventilation		aust acceptable if the exposure to main the exposure to main the standards 1910.94	
respiratory protection	If personal exposure cannot or	may not be controlled below applica oved by NIOSH/MSHA for protection	able limits by ventilation, wear
eye protection skin protection	Wear safety glasses to reduce	the potential for eye contact. I contact by using rubber gloves and	appropriate protective

9 Physical and chemical properties

General information:	
form	powdered solid
color	gray and/or white
odor	no distinct odor
рН	12-13 in water
Change in condition:	
melting point/melting point range	n/a
boiling point/boiling point range	n/a
evaporation rate:	n/a
vapor density:	n/a
Specific gravity:	2.56
Solubility in/Miscibility with water:	dispersible
Density at 20°C:	21.29 lb/gal
VOC:	0.0 g/L (0.0 lb/gal)

10 Stability and reactivity Conditions to be avoided: None known Chemical stability: Stable Materials to be avoided: None known Hazardous polymerization: Will not occur

Dangerous decomposition products:

Will not spontaneously occur. Addition of water will produce caustic calcium hydroxide, which can cause chemical burns.

Acute toxicity:	
crystalline silica (quartz, christobalite)	Considered a known human carcinogen by Federal (OSHA) and advising health agencies (IARC, NIOSH, and NTP). Additionally, crystalline silica can cause a lung condition known as silicosis after long term exposure to dusts containing crystalline silica. Exposure of workers to crystalline silica containing dusts is specifically regulated by OSHA. The use of a correctly fitted, NIOSH approved respirator suitable for use against crystalline silica inhalation is essential for minimizing exposure to this danger.
mineral dusts	Some items mentioned in Section 8 are considered mineral dusts by OSHA and a correctly fitted, NIOSH approved respirator is required when working with this product.
Portland cement and calcium hydroxide	A single, short term exposure to the dry form of these two items, which are present in this stucco concentrate mix, are not likely to cause serious harm. However, exposure of sufficient duration to wet stucco can cause serious, potentially irreversible tissue destruction of the skin or eye from caustic chemical burns, including third degree burns. The same type of tissue destruction can occur if wet or moist areas of the body are exposed for sufficient duration to dry stucco concentrate. Wet stucco is caustic and personal protective equipment, and proper work hygiene, must be employed for protection against personal injury.
Primary irritant effect:	
on the skin	Exposure of skin to wet product mix may cause chemical burns. Symptoms of exposure may take several hours to manifest.
on the eye	Exposure of eyes to wet product mix may cause chemical burns and blindness. Exposure to airborne dust can cause immediate or delayed irritation or inflammation.
through ingestion	May be harmful if ingested.
through inhalation	Dust generated during handling this product concentrate may cause irritation to the respiratory tract.
Additional toxicological information:	n/a

12	Ecological information	
	Elimination (persistence and degradability):	n/a
	Behavior in environmental systems:	n/a
	Mobility and bioaccumulation potential:	n/a
	General notes:	n/a

13	Disposal considerations	
	Product recommendation:	This product must be disposed of in accordance with applicable local, state and federal regulations. Where possible, it is best to use up any excess material.
	Uncleansed packaging recommendation:	Disposal must be made according to official regulations.
