## Tuscan Stucco

### For a Finish That's Rustic, Warm and Inviting.

Nothing says welcome more than a warm and inviting, Tuscan style interior. And now it's easier than ever to create one for interior and exterior walls, ceilings and special features with LaHabra's Tuscan Stucco Finish.

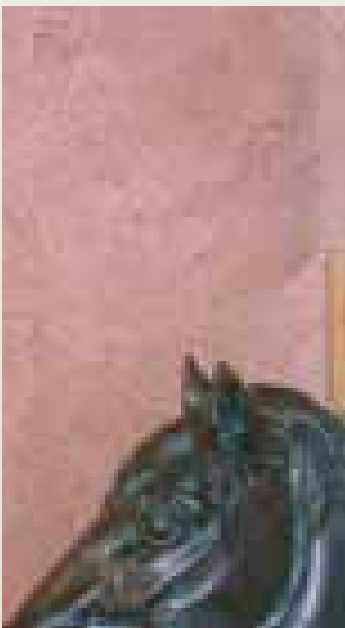

### Rustic Sophistication, Simple Application.

Comprised of 100% acrylic, Tuscan Stucco is durable enough to be used as a finish coat both inside and outside. And with proven, field-tested performance, you can rely on it for ease of application and long-lasting results.

- A sandable finish that can achieve a wide variety of smooth textures, like suede.
- By using different techniques, such as tinting and/or using Antiquing Gel, the color possibilities are virtually endless.
- Final finish is hard, durable, flexible, breathable and low maintenance.
- Tuscan Stucco can be cleaned with mild soap and water.

### Tuscan Style. As You Like It.

- Retain ridges, streaks and chatters in the skim coat to produce a dramatic, old-world look.
- Lace the surface with a second color to add dimensional highlights for a unique, two-tone finish.
- Fashion a rough, suede texture by rolling on two thin coats and using Antiquing Gel.
- Burnish to produce a fine texture or sand the surface for an ultra smooth texture.

# Stucco d'Raffinato

## Create a Look That Is Unique.

From the old-world look of Italian marble to the new-world look of California stucco, Stucco d'Raffinato is the product that can give you the look you desire. The beautiful finish of Stucco d'Raffinato is limited only by your imagination and the craftsman's workmanship.

## Style and Durability.

Stucco d'Raffinato is a highly durable, 100% acrylic, interior and exterior decorative finish. Extremely versatile, it can easily be used to capture the authentic look and feel of Old World Plaster or simulate the appearance of rock or stone over a wide range of substrates. With almost endless possibilities for combining color and texture, it's simple to satisfy a diversity of design requirements or integrate Stucco d'Raffinato with an existing décor.

- A multitude of textures can be created ranging from smooth to rustic or heavy raised relief.
- By using different techniques, such as tinting and/or using Antiquing Gel, the color possibilities are virtually endless.
- Final finish is hard, durable, flexible, breathable and low maintenance.
- Stucco d'Raffinato can be cleaned with mild soap and water.

The images in this brochure are intended to show approximate color. Colors will vary depending on type of finish selected, method of application, weather and job conditions. For color verification, request an actual sample in the color and texture prior to ordering material. Apply a sample of finish to be used on actual substrate before proceeding with the application. LaHabra is not responsible for color correctness of applied finish. Color must be verified and approved by owner prior to application.

## Aged Limestone

### Old World Finishes. Real World Advantages.

A unique, polymer-modified, cement-based finish, LaHabra's Aged Limestone makes it easy to achieve a durable, dramatic finish for interior and exterior walls. Duplicating the look and feel of real stone and European cement plasters, it offers the ultimate combination of design flexibility, ease of application and outstanding product performance.

### Unleash Your Imagination.

Aged Limestone is used to create highly dimensional, textured wall finish with unlimited possibilities for custom applications. Available in fine and coarse finish textures.

- A wide range of textures can be achieved from smooth to textured, including unfinished stone and the look of an old patina acid wash.
- By using different techniques, such as tinting and/or using Antiquing Gel, the color possibilities are virtually endless.
- Final finish is hard, breathable and low maintenance.

#### All Select Finishes are easy to use:

- Application is possible over a variety of substrates including drywall, high quality plaster, gypsum board, brown coat and other smooth surfaces, however, the proper preparation of the surface is critical to the desired look of the finish.
- Tools used for surface treatments include stainless steel trowels, spatulas, brushes, and rollers.

# Venetian Plaster

## Create Limitless Combinations of Texture and Color.

Venetian Plaster comes ready to apply. Offering many color possibilities, it provides a lasting and dramatic finish to suit any style or taste.

- A wide range of colors and color combinations can be achieved for dramatic results.
- 15 standard colors are available, infinite colors can be achieved by application method as well as combining one or more colors and adding Venetian Plaster Topcoats.
- Final finish is breathable, low maintenance and beautiful.

## Achieve the Look and Feel of Artisan Craftsmanship.

Giving walls, columns and ceilings a rich, elegant appearance, LaHabra Venetian Plaster is a 100% acrylic finish with unlimited design possibilities. With it, you can quickly and easily:

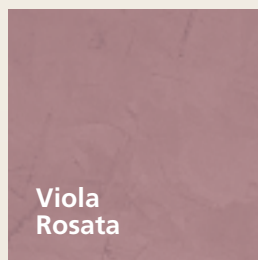

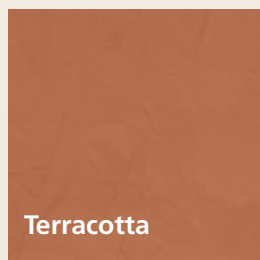

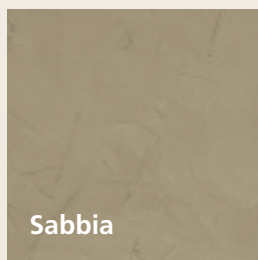

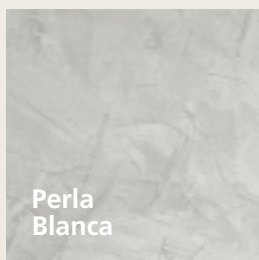

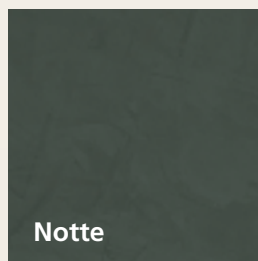

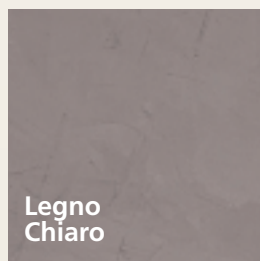

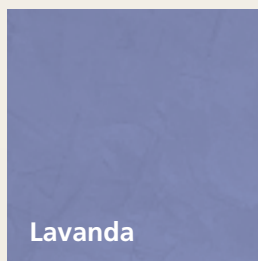

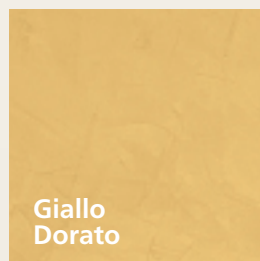

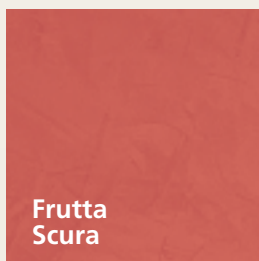

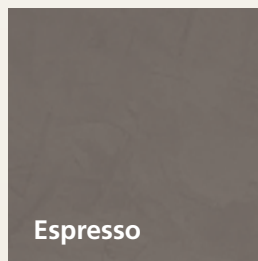

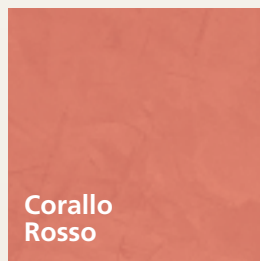

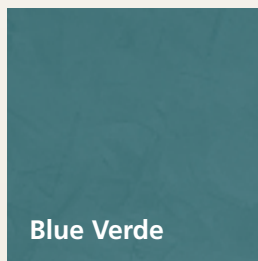

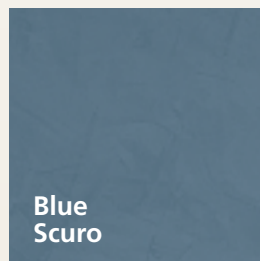

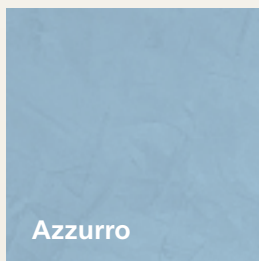

- Create the look of old world plaster, flatwork or a faux finish.
- Simulate the visual effect of marble, granite or semi-precious stones.
- Add Venetian Plaster Topcoat to achieve a pearlescent, metallic or iridescent patina and increase durability and water-resistance.

# Venetian Plaster Topcoat

Adds color beauty and distinctive features to LaHabra Venetian Plaster. It is a water based, 100% acrylic protective coating that also increases the durability and moisture resistance of Venetian Plaster.

**Colors:** Clear, Pearl, Lumina Green, Bronze Metallic, Copper Metallic, Silver Metallic and Gold Metallic.

# Antiquing Gel

A water-based, decorative and protective coating for use over LaHabra Specialty Finishes.

- Applied to surface like a stain.
- Low sheen finish.
- Permeable to water vapor and resistant to blistering.
- Available in clear and 12 standard colors.
- Finish color will vary dramatically depending on the application method and the porosity, color and texture of the surface.
