

TB011

Category: EIFS

Keywords: EIFS, Sheathing, Approved Sheathing

The following sheathings are suitable substrates for Parex USA brands of exterior insulation and finish systems (EIFS) and for Architectural Coatings & Finish Assemblies (ACF-Soffit) direct coatings applications for soffits.

- CertainTeed GlasRoc® glass mat gypsum sheathing
- Georgia Pacific DensGlass Gold®
- Georgia Pacific DensElement™
- Continental Building Products Weather Defense™ Platinum Type X
- National Gypsum e²XP™ Extended Exposure Sheathing
- USG Securock™ Glass-Matt Sheathing

The EIFS and ACF direct applied coatings for these applications are sold under our LaHabra, El Rey, Parex and TEIFS brands.

Our systems, as noted above, all have current specifications for the use of glass mat gypsum sheathing conforming to ASTM C1177 and so are immediately applicable to, DensGlass Gold®, Georgia Pacific DensElement™, Continental Building Products Weather Defense™ Platinum Type X, GlasRoc®, e²XP™ Extended Exposure Sheathing and USG Securock™ Glass-Matt Sheathing.

Please feel free to distribute this information. We welcome this mutual opportunity.
